

how to care for your handmade blanket

I was handmade with love.
Every now and again I need you to give me a little
care to keep me looking good.

fibre used: _____
wash by hand / machine wash

Here's what to do:

1. Give me a gentle wash using cold water and a wool detergent.
2. Press any excess water from me or put me thorough a spin cycle; rubbing or wringing will damage me.
3. Allow me to dry flat in the shade. Gently shape me when I'm wet. Please don't tumble dry me.
